he had adopted, disbanded his army and surrendered his artillery, with the exception of 40 guns, to the British at a valuation. Amir-ud-Daula Bahadur agreed to these proposals, and they were embodied in a treaty in 1817. To the territories thus guaranteed i. e. the five Parganas already mentioned, the fort and Pargana of Rampura, now known as Aligarh, were added by the British Government and a sum of three lakhs was also given to him to enable him to finance his State. He administered the State till his death in 1834, when he was succeeded by his son Nawab Wazir Muhammad Khan Wazir-ud-Daula. The latter did much to consolidate the State, and during the Mutiny of 1857 he distinguished himself by holding the Tonk Fort with a small garrison against the combined forces of the Nawab of Banda and Tantia Topi. In acknowledgment of his services, his salute was raised from 15 to 17 guns, and he received a sanad guaranteeing the success of his family according to Mohammadan Law, in the event of failure of natural heirs. He died in 1864, and was succeeded by his son Nawab Mohammad Ali Khan, who was deposed by the British Government in 1867, and was exiled to Banares, where he died in 1895. His eldest son Nawab Hafiz Mohammad Ibrahim Ali Khan succeeded him in 1867, and is still ruler of the State. During His Highness' reign many reforms have been introduced and the Government of India have shown their appreciation of His Highness' merit by making him a Grand Companion of the Star of India and of the Indian Empire, His Highness' full title is Amin-ud-Daula Wazir-ul-Mulk Nawab Sir Hafiz Muhammad Ibrahim Ali Khan Bahadur Saadat-i-Jung G. Report on the administration of the Tonk State Police for the year 1336 Fasli (1st November 1928 to 31st October, 1929), by R. J. H. Fitzpatrick, Esquire, Inspector General of Police.

I have been in charge of the police throughout the year. There have been no changes in the charges of Superintendents during the year, though I do not believe in frequent changes because an officer who does not know his district is much handicapped. I however consider keeping officers too long in one district a drawback. Three new posts of Circle Inspectors were created during the year to fill a long felt want, one each for Nimbahera, Chhabra, and Aligarh, the pay of these posts were made up from savings from the conversion to outposts of P. S. Gordhanpura in Tonk, Patna in Chhabra, and Bamania in Nimbahera (which were considered superfluous). These posts were filled by the promotions of the following Sub-inspectors.

1. Subinspector Rahmat Shah,
2. Subinspector Abrar Ahmad, and
3. Subinspector Khwaja Hussain.

During the year C. I. Khwaja Hussain was appointed Nazim of Aligarh and his post was filled by the promotion of Subinspector Nasarulla Khan.

C. I. Abdul Hadi who was found unfit to carry on the duties of a Circle Inspector any longer was given 6 months pay as gratuity, his post was filled by the promotion of Subinspector Ahmad Din. The posts of 3 other Subinspectors were abolished and from the savings so effected a new grade of Headconstable on Rs 20/- was created. The officers appointed to this grade are being used as prosecuting officers and readers to Superintendents in Parganas.

CONDITIONS OF THE YEAR.

The total failure of the Rabi crop, the partial failure of the Monsoons and the outbreak of foot and mouth disease amongst cattle might normally have been expected to lead to an abnormal increase of crime, the figures for the year, however, show a very small increase. Dacoities and Robberies actually show a decrease; the increase has been wholly in cases of burglary. The economical distress has not been got over yet and I anticipate a further increase of offences against property chiefly in Sironj and Chhabra Parganas this year.

POLITICAL EVENTS.

Nothing of any importance occurred under this head during the year.

COGNIZABLE CRIME.

The figures for cognizable crime, 1872 cases, are the highest so far

recorded within the last five years, and show an increase of 101 cases over the figures of last year—Taking into consideration the condition of the year we are fortunate not to have had a much larger crop of crime. The increase was confined to burglaries and theft in the Tonk, Nimbahera and Pirawa Parganas. 199 cases were pending from last year, the police therefore had to deal with 2071 cases in all: of these investigations was refused in 166 cases mostly at the request of the complainants.

Of the 1905 cases investigated 906 were sent up to courts for trial—634 remained untraced—238 were expunged, and 77 remained pending enquiry at the close of the year.

Of 906 cases sent up for trial 543 resulted in conviction; 196 were acquitted; 38 compounded; and 62 dealt with under section 512 C. P. C.; 8 made over to other States; 3 expunged; and 156 remained pending at the close of the year.

CONVICTIONS OF PERSONS.

1506 Persons were arrested as against 1705 last year. Of these 1378 were challaned; 92 released by the police; and the cases of 36 remained pending at the close of the year. Of the persons challaned 841 were convicted; 176 acquitted; 47 compounded and the cases of 286 remained pending at the close of the year. 9 were made over to other States; 15 are under arrest in other States; 3 died during course of trial; and 1 escaped from Judicial lookup. The percentage of persons arrested to challaned is 91 % against 90 % last year and the percentage of persons convicted to challaned is 61 % against 69 % last year. The percentage of acquittals is 13 against 12 last year. From these results it is clear that there is a great deal of room for improvement both in investigation and prosecuting work. In going through special diaries from time to time that have come before me I have found serious omissions in the chain of evidence required to bring the charge home satisfactorily to the accused, and yet these cases have passed through the hands of Superintendents and Prosecuting Inspectors without any objections being raised. Superintendents must pay far more attention than they do to this important matter. The long delays in disposing of cases in the Magistrates' courts is a contributory feature, coupled with the fact that some magistrates are much to ready use the powers given to them by section 497. The indiscriminate releasing of accused persons on bail in nonbailable cases has a bad effect on witnesses for the prosecution. Section 497 I. P. C. contemplates three possibilities namely:—

(1) Where a Magistrate may think that there are reasonable grounds for belief that the accused is guilty.

(2) Where a magistrate may think that there are no reasonable grounds for such belief.

(3) Where a magistrate may think that he has insufficient material for making any presumption as to the merits of the accusation.

In the first of these cases where the accusation is of an offence punishable with death or transportation for life, and the accused is not under the age of 16 years, or a woman, or a sick or infirm person, he has no discretion and must refuse bail. In the second case the law is equally clear, he has no discretion and must allow bail. In all other cases the disposal of an application for bail in nonbailable cases rests upon the discretion of the Magistrate; the law places on him the procedure he should follow. A popular, but erroneous, belief exists that where bail is not expressly prohibited by the section, it must, or, at any rate, should be allowed: such a view would read "may" in the first section as if it were "shall" or "should". Therefore Magistrates should be guided not by consideration as to the guilt or innocence of the accused but how for the accused's private right of freedom must be subordinated to public interest in the administration of justice.

Preventive Actions.

No cases were instituted under section 110, C., P. C. This is most unsatisfactory. Last year I had occasion to bring this important part of police work to the notice of Superintendents but not much notice appears to have been taken. I have again drawn the attention of Superintendents to this and pointed out in the case of Tonk Pargana that in my instructions had been carried out and action under this section taken by the city police against bad characters of the city, the crime wave which occurred in November and December would have been avoided. The most important part of a Station Officers' work is surveillance and the proper use of the preventive sections, and his powers under this section constitute a powerful weapon for good or ill. Comparing the Nil statement submitted by the State Police and the fact that over 27,000 persons were proceeded against in the United Provinces during the same period, it will be clearly realized that the State Police are not discharging their duties under the preventive sections in a satisfactory manner. I have now given very clear instructions on the subject and hope both investigating and prosecuting Officers will use their powers under the preventive sections.

Recoveries.

Property worth Rs 87,687/15/2 was stolen during the year under report as against Rs 76,338/4/9 last year. Of this property to the value of Rs 31,182/6/8 was recovered as against Rs 40,355/1/4 last year. The percentage of recoveries is Rs 35/8/- as against Rs 52/13/10 last year. In Tonk Nimbahera and Chhabra Parganas percentages dropped below the figures of last year; in Tonk and Chhabra the recoveries were below Rs 25/- %, this is most unsatisfactory and does not do the Police Officers of these two Pargana any credit.

Criminal Tribes.

There was very little change in the number of registered persons in the State. The Settlements started last year are working satisfactorily. The agricultural colony for Sansias at Ahmadpura is making satisfactory

progress, but all efforts at further progress at Yusufpur are at a standstill, sufficient ground for cultivation being unavailable. I have applied for a further grant of land; and if this is sanctioned the condition of the Moghbiyas can be improved. As things stand at present, they are heavily involved with the Seths owing to the failure of the crops at Sironj for the past two years; the plots at their disposal are not sufficient to meet the debts and their wants on account of increasing families. The result is that if they are not given further relief they will resort to their old habits of committing crime.

TRAINING.

My proposals for starting a Lines School are still held in abeyance for want of funds. I have again drawn the attention of the State council to this pressing need.

I have also suggested that two Subinspectors of the State Police be sent to the Police Training School Saugor for training each year, so that in time we will have qualified Subinspectors in the force.

Subinspectors, Headconstables and constables have been trained in Finger Impression taking. I have also arranged to send two Armed Police Constables for training to the Regiment at Deoli as drill Instructors. Recruits on appointment are posted to the Reserve where they are put through a three months' course of law and drill, before being posted to police stations. Though I have not been able to bring the course up to the required standard, much improvement has been made. 50 recruits were trained in this manner in law, drill, and impression taking during the year. Inspector Khaliq Ahmed Khan has been in charge of the Reserve and both he and his chief Drill Instructor Head Constable Ashraf Noor Khan have taken great pains in training the men under them.

DISCIPLINE OF FORCE.

There has been an all round improvement, but much still remains to be done. It will still be some time before Police Officers realize that they are the servants of the public and not their masters. Cases have come to light during the year of oppression and abuse of powers: the offenders when proved guilty have been severely dealt with. Absences without leave have again been frequent, both officers and men leave their posts without any attempt at obtaining permission and not until all police stations are provided with proper family quarters will these absences be discontinued.

REWARDS.

112 officers and men were rewarded during the year. 75 were paid money rewards and 37 were given promotions in their grades.

MOTOR REGULATIONS.

During the year an act for the regulation of Motor Traffic was

passed by the State Council and has been brought into force and the registration of all motors is now being done by the police, a sum of Rs 500/- was credited into the State Treasury on account of Motor and licence fees, after paying for printing of forms and allowances of the staff.

BUDGET.

A sum of Rs 1,55,813/- was budgetted for, but His Highness only sanctioned Rs 1,52,408/- the same as in 1333 Fasli on the understanding that all savings would lapse to the State. After purchasing a new motor car from saving with His Highness's permission for Rs 3000/- Rs 339/- was credited into the Treasury. I have again asked for Rs 1,57,017/- for the year 1337 Fasli and hope His Highness will consider Police requirements and improvements which are long overdue and sanction the sum asked for.

BUILDINGS.

From years past a sum of Rs. 700/- is allotted for this purpose but this does not suffice for the annual rainy season repairs. A sum of Rs. 2,431/10/8 was spent under this head last year. In this a sum of Rs. 477/5/6 was given towards the building of Kotwali Pirawa while the remaining amount was spent in rainy season repairs. A sum of Rs. 150/- is still required to complete Kotwali Pirawa. Kotwali Sironi is still incomplete and a sum of Rs. 4000/- will be required to complete this building. These buildings can not be completed from amount allotted in the budget and unless His Highness grants a separate amount for the purpose in addition to the budgetted amount they will have to remain in their present condition. A new outpost is to be constructed at Amli as the men posted there have no accommodation and are living in the forest department hut.

DETAILS OF CRIME.

MURDER.

One case was reported during the year under report as against 4 last year. 2 cases were pending investigation from last year, the police therefore had to deal with 3 cases. All of them were investigated. 2 sent up with Charge Sheet 'A' and 1 remained pending enquiry at the close of the year.

The cases sent to court ended in conviction.

2 persons were arrested for the offences, both of them were challaned and convicted.

ATTEMPTED MURDER.

Four cases were reported during the year as against 6 last year. No case was left over from last year, therefore the police had to deal with the cases reported during the year. All of them were investigated. 2 were challaned and 2 expunged. The 2 cases challaned remained pending trial at the close of the year.

8 persons were apprehended in these crimes, all were challaned and were

awaiting their results of trial at the end of the year.

Culpable Homocide.

11 cases were reported during the year under review as against 9 last year. 6 were pending from last year. The police had to deal with 16 cases. All of them were investigated. 10 sent up with Charge Sheet 'A', 3 remained untraced, 3 expunged and 1 remained pending investigation. Of the cases sent up to court 2 were convicted, 2 acquitted, 1 expunged, and 5 remained pending trial at the close of the year.

16 persons were apprehended. Of those 12 were challaned and 4 were released by the police. Of the persons challaned 4 were convicted, 3 acquitted and 5 remained awaiting trial at the end of the year.

Attempted Culpable Homocide.

One case was reported during the year while there was none in the last year. The same was investigated and expunged.

Grievous Hurt.

34 cases were reported during the year as against 33 last year. 5 cases were left over from last year. The police therefore had to enquire into 39 cases. All being enquired into 31 were challaned, 4 expunged and 4 remained untraced. Of the cases challaned 15 were convicted, 3 acquitted, 8 compounded 3 dealt with under section C. P. C. and 2 were pending trial in the court at the end of the year.

54 persons were apprehended and all were challaned of those 30 received conviction, 4 acquitted, 11 compounded. 3 arrests were made in other States, 1 died after challan and 5 were awaiting trial at the end of the year. In Tonk Pargana persons are much too ready to resort to the knife to settle their differences. It is beyond the power of the police to prevent such cases and the most they can do is to discourage them by securing the convictions of a large proportion of persons guilty of this class of crime and not only the conviction but the passing of a deterrent sentence is necessary. Magistrates should realize their responsibilities in this connection.

Unnatural Offences.

12 cases were reported during the year as against 8 last year. 2 were pending from last year. The police therefore enquired into 14 cases. 6 were challaned, 4 remained untraced and 4 expunged. Tonk Pargana was responsible for 6 cases. Of those only one was convicted, 2 discharged, 2 remained untraced and 1 acquitted.

7 persons were apprehended for the offences; 4 were challaned and 3 were released by the police. Of the persons challaned only one received conviction, 2 acquitted and 1 was awaiting trial at the end of the year. This class of crime has led in the past to murder and grievous hurt cases and unless magistrates inflict deterrent sentences, it is not in the power of

the police to stamp out this most despicable crime which is a disgrace on the good name of a town or country.

RARE.

11 cases were reported during the year as against 16 last year 8 were pending from last year. The police therefore had to deal with 19 cases. All being enquired into, 14 were sent up with C. S. A. , 6 remained untraced, and 2 were expunged.

Of the cases challaned 2 were convicted, 8 acquitted, 1 dealt with under section 512 C. P. C. and 3 were pending trial at the end of the year.

19 persons were apprehended, 15 were challaned and 4 released by the police. Of the persons challaned 4 were convicted, 8 acquitted and 3 remained awaiting trial at the end of the year.

This class of crime has not been satisfactorily handled by the investigating or prosecuting staff and I regret to point out that Superintendents appear to pay very little attention to the investigation work of their subordinates. They appear to just pass on papers to court without making any serious attempt at checking the investigations to see if there is justification for challaning the accused.

DAKAITI.

16 cases were reported during the year as against 22 last year 12 were pending from last year. The police therefore had to deal with 28 cases. All were enquired into. Of those 12 were sent up with C. S. A. 9 remained untraced, 5 expunged and 2 were pending enquiry at the close of the year.

Of the cases challaned 1 only was convicted, 1 acquitted 2 dealt with under section 512 C. P. C. , and 8 were pending trial at the end of the year.

29 persons were apprehended for the crime. Of those 21 were challaned 16 released by the police and 2 were pending investigation. Of the persons challaned 1 only was convicted 1 acquitted and 19 were awaiting trial at the end of the year.

From the above figures it will be seen that there are serious delays in the disposal of the most important cases, such long delays naturally cause discrepancies in the statements of witnesses, most of whom are illiterate and cannot be expected to remember details accurately. I hope the State Council will draw the attention of Magistrates to this serious defect.

CATTLE DAKAITI.

3 cases were reported during the year as against 5 last year 2 were pending from last year. The police had to deal with 5 cases. All being enquired into. 2 were sent up with C. S. A. and 3 remained pending investigation. Of those challaned 1 was convicted and 1 acquitted.

These persons were apprehended challaned and acquitted.

Robbery.

27 cases were reported during the year against 29 last year. 4 were pending over from last year. The police therefore enquired into 31 cases. Of these 7 were challaned, 12 expunged, 9 remained untraced and 3 were pending investigation at the end of the year.

Of the cases challaned 5 were convicted and 2 were pending trial at the end of the year.

17 persons were apprehended. Of these 13 men were challaned and 4 were released by the police. Of the persons challaned 10 were convicted and 3 were pending trial at the end of the year.

Cattle Robbery.

3 cases were reported during the year under report as against 5 last year. No case was pending over from last year, hence the police had to deal with 3 cases only. All being enquired into, 1 was challaned, 1 expunged, and 1 remained pending enquiry. The case challaned to court was made over to other State. No person was apprehended for the offence.

Burglary.

531 cases were reported during the year as against 431 last year. 25 cases were pending from last year. The police therefore had to enquire into 556 cases. Of these 501 were investigated and enquiry in 55 cases was refused. Of the cases investigated 133 were challaned, 380 remained untraced, 24 expunged and 14 remained pending enquiry at the close of the year.

Of those challaned 102 were convicted, 13 acquitted, 1 expunged, 4 dealt with under section 512 C. P. C. and 13 remained pending trial at the end of the year.

195 persons were apprehended for the offences. Of those 184 were challaned, 8 released by the police and 3 were pending enquiry at the end of the year. Of the persons challaned 131 were convicted, 40 acquitted & 13 remained awaiting trial at the end of the year.

The increase in the number of burglaries is the natural result of the economic stress that prevailed during the year. Burglaries have been responsible for more loss than any other class of crime. Tonk and Nimbahera Parganas have suffered most. The importance of checking this class of crime is obvious. The small proportion of convictions to reports make it clear that this kind of crime is kept down only to a small extent by the bringing home of definite offences, and that the main weapon against the burglars consists of the preventive sections. For the past two years I have drawn the attention of Superintendents

to this important matter, but they have failed completely as will be seen from the results under the preventive sections.

Cattle Burglary.

63 cases were reported during the year as against 70 last year—5 cases were pending from last year. The police therefore had to deal with 68 cases. All being enquired into 13 were sent up with C. S. A., 53 remained untraced, 1 expunged and 1 was pending investigation.

Of the cases challaned 8 were convicted, 2 dealt with under section 512 C. P. C. and 3 were pending trial at the end of the year.

14 persons were arrested and challaned, 10 were convicted and 4 remained pending trial in the court at the end of the year.

Theft.

485 cases were reported during the year under report as against 392 last year. 15 cases were pending from last year. The police therefore had to deal with 500 cases. Of these 390 were investigated and investigation in 110 cases was refused. Of the cases investigated 193 were sent up with C. S. A., 136 remained untraced 52 expunged and 9 were pending investigation at the end of the year.

Of the cases challaned 151 were convicted, 16 acquitted, action under section 512 C. P. C. was taken in 4 cases and 22 were pending trial in the court at the end of the year.

313 persons were arrested for the offences. Of those 299 were challaned, 10 released by the police and 4 were pending investigation at the end of the year.

Of the persons challaned 235 were convicted, 30 acquitted 32 were pending trial at the end of the year and 2 were arrested in other states.

Cattle Theft.

147 cases were reported during the year the same as in last year. 23 cases were pending enquiry from last year. The police enquired into 169 cases and refused investigation in 1 case only. Of those investigated 50 were challaned, 86 remained untraced, 18 expunged and 15 remained pending enquiry at the end of the year.

Of the cases challaned 12 were convicted, 5 acquitted, 1 expunged, action under section 512 C. P. C. was taken in 10 cases and 13 remained pending trial at the close of the year.

74 persons were arrested for the offences and all of them were challaned. Of those 34 were convicted, 9 acquitted, 21 were pending trial at the end of the year and 10 were under arrest in other states.

Cattle theft is one of the most important crimes in Rajputana and

There persons were apprehended challaned and acquitted.

Robbery.

27 cases were reported during the year against 29 last year. 4 were pending over from last year. The police therefore enquired into 31 cases. Of these 7 were challaned, 12 expunged, 9 remained untraced and 3 were pending investigation at the end of the year.

Of the cases challaned 5 were convicted and 2 were pending trial at the end of the year.

17 persons were apprehended. Of these 13 men were challaned and 4 were released by the police. Of the persons challaned 10 were convicted and 3 were pending trial at the end of the year.

Cattle Robbery.

3 cases were reported during the year under report as against 5 last year. No case was pending over from last year, hence the police had to deal with 3 cases only. All being enquired into, 1 was challaned, 1 expunged, and 1 remained pending enquiry. The case challaned to court was made over to other State. No person was apprehended for the offence.

Cattle theft is one of the most important crimes in Rajputana and

Central India and is the work of professional criminals. I have strong reasons for believing that crime under this head is still being burked or treated as strays, what is required is a new system of registration and an "Inter States special cattle theft police" as has been established in the United provinces.

Counterfeit Coin.

1 case only as in last year was reported during the year and there was none pending from last year. The police had to deal with one case only. It was enquired into, challaned and convicted. One person only was arrested, challaned and convicted in the case.

Miscellaneous Registered.

321 cases were reported during the year as against 299 in the last year. 51 cases were pending from last year. The police therefore had to deal with 372 cases. All were enquired into of those 229 were sent up with C. S. A., 47 remained untraced, 69 expunged and 27 were pending investigation at the end of the year.

Of the cases challaned 95 were convicted 35 acquitted, 29 compounded, 47 were pending trial in the court and action under section 512 C. P. C. was taken in 23 cases.

435 persons were arrested for these offences. Of these 373 were challaned 35 released by the police and 27 were pending investigation.

Of the Persons challaned 156 were convicted, 60 acquitted, 35 compounded, 120 were pending trial, 1 died after challan and 1 escaped from Judicial lock-up.

Other Miscellaneous Cases.

201 were reported during the year as against 293 last year. 39 were pending from last year. The police therefore had to deal with 240 cases. All were investigated. 200 were sent up with C. S. A. and 40 expunged.

Of the cases challaned 136 were convicted, 10 acquitted, 1 compounded, 7 made over to other states, action under section 512 C. P. C. was taken in 11 cases and 35 remained pending trial at the end of the year.

319 persons were arrested for the offences. Of those 301 were challaned and 18 released by the police.

Of the persons challaned 222 were convicted, 16 acquitted 1 compounded, 9 were made over to other states, 1 died after challan and 52 were awaiting trial at the end of the year.

Cases U/s 182 and 211 I. P. C.

20 cases were instituted against persons lodging false complaints (12 in

Sironj, 2 in Tonk, 1 in Nimbahera, 2 in Pirawa and 3 in Chhabra). Of these 12 cases were convicted, 2 expunged, 1 acquitted, 2 dealt with under section 512 C. P. C. 1 remained pending trial and 1 remained pending investigation at the end of the year.

2 cases under section 211 I. P. C. were instituted in Nimbahera. Of those 1 was convicted and the other expunged.

Taking into consideration that out of a total of 421 cases expunged as false only 20 complainants prosecuted under section 182 I. P. C. and then the small proportion of convictions is unsatisfactory. I regret to point out that investigating officers are much too ready to discredit the statements of complainants and some officers go so far as calling on complainants to actually prove the possession of property reported stolen. Superintendents are also over ready to recommend expunctions of cases and this is evidently due to the fact that they are afraid of spoiling their returns at the end of the year. I have frequently had to return recommendations for expunctions.

Escape from Judicial Lock up.

1 case only was reported during the year against 2 in the last year. This case occurred on 11.5.29 in Kotwali Nimbahera and action under section 512 C. P. C. has been taken in the case.

Finger Print Work.

250 Finger Print Slips were prepared during the year under report. 108 Search Slips were prepared and sent for trace. Of these 11 Search Slips were of Criminal Tribe Members and 97 of others. Of those 21 were traced (2 of C. T. Members and 19 of others and 87 remained untraced 9 of C. T. Members and 78 of others.

In addition to above 131 Search Slips of Criminal Tribe member and others settled in the State were prepared and sent to Bureaus concerned for purpose of tracing their antecidents.

7 death report were prepared and sent to Abu. Finger Print Subinspector was summoned thrice in the Diwani court and once in criminal court for identification of Finger Prints.

Finger Print Subinspector trained 259 persons of all departments in Saddar and Parganas. Of those 121 were literate and 138 were illiterate. S. I. made a tour in Parganas and inspected Finger Print work of Parganas.

S. I. Nazir Ahmad Beg has been doing the duties as an assistant Prosecuting Inspector in Tonk in addition to Finger Print work. He has worked satisfactorily and takes pains in training persons in Finger Impression taking.

Absconded Offenders.

There were 223 persons on the register of absconded offenders at the end of the year 1335 Fasli. Of these 187 were of class "A" and 36 of class "B" (72 of the State 147 of other States and 4 of wandering tribes.

105 persons absconded during the year under report. The total of absconded offenders became 328. Of this number the names of 35 persons were expunged. There still remained a number of 293 persons absconding from the State. Of these 293 persons are of class "A" and 60 class "B" (162 of State, 178 of other States and 13 of wandering tribes). The statement enclosed will show details and until all the surrounding States cooperate and assist each other in hunting down these absconders no improvement in the figures on the register can be expected.

Concluding Remarks.

Notwithstanding the rise in crime and the fact that the figures of cognizable crime are the highest within the past 5 years the work of the police on the whole has been successful particularly when the economic distress in some of the parganas is taken into consideration, the only serious form of crime to show an increase being burglary and these cases were chiefly in the big cities and were undoubtedly due to the failure of the police to take action under the preventive sections.

Superintendents, I regret to point out again, do not devote much of their time and attention to investigation of offences, the instructions given to subordinates are very often stereotyped and perfunctory, they also permit investigation to hang on for months unnecessarily and during the year I had occasions to find fault with all four Superintendents on this score. I have issued a general order insisting on better Supervision of crime and hope this will have the desired effect.

The Head Clerk Darbari Lall, Accountant Murli Mohan Lall and my reader Mohammad Yusuf have worked loyally and well. The Prosecuting Inspector Molvi Mustafa has again proved himself an able and competent prosecutor.

CHAPTER VIII.

ANNUAL REPORT OF REVENUE, FORESTS, CUSTOMS,
MEHMANDARI, NAZOOŁ & MUNICIPAL COMMITTEE FOR
THE YEAR 1336 FASLI.

(1st November, 1928 to 31st, October, 1929.)

1. Revenue.

Throughout the year under report the charge of the Revenue Department was held by Lt. Col. Sir Cecil Kaye Kt. C.S.I., C.I.E., C.B.E.

(a) Area.—There occurred nothing in the year under report to cause any change in the total area of the State which was accordingly the same as in the preceding year viz. 16, 34, 061 acres or nearly 2,550 square miles.

(b) Population.—The population of the State, according to the Census 1921 was 2,87,688.

(c) Land Revenue.—Including Rs 914/13/5 collected in advance in the preceding year and excluding Rs 528/3/- collected in advance during the year under report the total amount of the recoveries made on account of the demand of the latter year was Rs 10,49,298/11/1 as against the budget estimate of Rs. 10,77,378/3/4. The decrease of Rs. 28,079/8/3 is due to.

- (i) the remission of Rs. 4,511/5/5 in Tonk owing to the damage done by hail.
- (ii) the remission of Rs. 19,159/11/9 in Chhabra owing to the damage done by hail and unfavourable season, and.
- (iii) the recoveries falling short of the demand in the Tonk Pargana by Rs. 849/7/6 in the case of cultivators and by Rs. 3,558/15/7 in the case of Ijardars.

The total amount of the arrears of previous years collected during the year under report was Rs. 40,823/1/8 as against the budget estimate of Rs. 40,548/7/5. The decrease of Rs. 123/5/9 was due to damage done by hail in Nimbahera Pargana.

2. The State pays not tribute to the British Government or to any other Indian State.

3. The Revenue Member toured for eleven days in Chhabra, seventeen days in Sironj and eight days in Pirawa. He went twice to Nimbahera remaining there for seven days on the first and two days on the second occasion. During the whole of his tour except during his second visit to Nimbahera, he was accompanied by his Assistant Rai Sahib Babu Madan Gopal. Several visits were paid both by the Revenue Member and his

Assistant to the village Saklna in the Tonk Pargana, in order to inspect the Agricultural farm established there and to supervise the general management of the estate.

4. As compared with the preceding year there was a decrease from 29,745 to 23,679 Bighas in the area newly brought under cultivation and from 8,060 to 3,323 Bighas in the cultivated area relinquished during the year.

5. As compared with the preceding year there was an increase from 4,416 to 4,603 in the number of new mutation cases instituted and a decrease from 4,414 to 4,067 in the number of cases disposed of during the year. The pending file was 2,684 at the close of the year under report as against 2,143 at the close of the preceding year.

6. Promotions and transfers etc.—Syed tazadduq Husain the Nazim of Tonk was reverted to his original post in the British Service on 1st September, 1929; and Syed Amiruddin Ahmed appointed in his place on 12th. September, 1929.

Syed Ahmed Ali Nazim Chhabra and Abdul Qayyoom Khan Nazim of Numbahera changed places in the month of March, 1929.

7. Sixty seven new wells were constructed and twenty six old wells repaired during the year as against sixty two and thirty five respectively in the preceding year.

8. The total expenditure on irrigation was Rs. 11,437/12/3 including Rs. 1,768/3/- spent on the pay and the travelling allowance of the irrigation staff and Rs. 11,437/12/3 spent on repairs to nine of the tanks.

9. No new road was constructed during the year under report.

10. Nine villages - eight in the Tonk and one in the Aligarh Pargana were given on lease in the year under report. In the case of four of these villages namely Yusufpura, Saidabad, Deo Barniyan and Ahmedpura in the Tonk Pargana the rent agreed to be paid was the same as the aggregate rent payable by the Khatdars according to the Revenue Papers. In the cases of the remaining five villages namely Samadpura, Ahmedpura Chouki, Jalma and Ghasri land in the Tonk and Jhandwa in the Aligarh Pargana the lessees agreed to pay Rs 100/-, 237/-, 100/-, and 100/- respectively more than the aggregate rent payable by the Khatdars. All the villages given on lease were those that had been resumed from Jagirdars.

(11) Grant and resumption of Jagir and Intimrar.—No jagir was resumed in the year under report. Four villages were however, granted in Jagir namely. (1) Naner with its hamlet Rahimpura to Janala Mulka Aminuz Zameer Begum Sahiba, (2) Rasulpura to Sahibzada Mohammad

Abdul Wahab Khan Sahab Safdar Jang(3) Chironj to Sahibzada Mohamad Abdul Rashid Khan and (4) Usmanpura to Syed Mohammad Ismail, Incharge Mir Munshi. The first three villages are situated in the Tonk and the last in the Aligarh Pargana.

12. Boundary disputes.—No boundary dispute was decided during the year under report.

13. Agricultural Banks.—Both the State Agricultural banks namely those of Chhabra and Nimbahera were operating during the year under report. At the commencement of the year the capital of the former bank amounted to Rs 20,000/-; the profit made by it during the year was Rs 4,945/14/9; and of the total sum of Rs 24,945/14/9, Rs 3,262/13/9 were paid back into the State Treasury and Rs 1,367/1/3 were spent on establishment etc, leaving a balance of Rs 20,315/15/9 including Rs 14,827/14/6 advanced to cultivators as loans. The Nimbahera bank repaid no money into the State Treasury in the year under report and its total capital including the profit of the year viz Rs 138/6/6 amounted, at the close of the year, to Rs 4,751/6/6 including Rs 3,733/4/- advanced to cultivators. The advances were mostly made for purchase of bullocks and seed and for construction of wells.

14. It will appear from the appended rainfall statement that during the year ending 31st. March, 1922 the total rainfall fell short in all parganas of the quinquennial average—the shortage being very remarkable in Tonk, Aligarh, Chhabra and Sironj.

15. Sakhna and its agricultural farm.—All the Khalsa Jatai villages that is to say all Khalsa villages paying rent in kind are managed by the Revenue Department; but in regard to one of these namely Sakhna there exist a peculiar arrangement viz that it has been leased by the State to that Department on an annual rent of Rs 22,000/- on the condition that Rs 2,000/- will be paid every year by the State towards the expenses of management. The Revenue Department is thus at liberty to spend any surplus remaining after meeting the expenses of management and the payment of the net amount due to the State, on miscellaneous objects.

It is doubtful whether any purpose will be served by giving a detailed account of the receipts and expenditure of the estate during the year under report. Moreover it is not possible to give such an account without giving a detail of some transactions of temporary character relating to loans obtained from the Rutlam Firm and advances paid to some contractors. It is therefore sufficient to say that while the income from the estate including the recoveries made on account of the arrears of past years and the price of the agricultural produce remaining on disposal at the close of the year under report amounted to Rs. 25,156/1/3; the net amount paid to the State and the expenses of management

totalled 25,659/10/-. Thus the Revenue Department suffered a loss of Rs. 509/8/9 on the estate during the year under report.

Usually, however, a profit is made; and the surplus income is utilized in carrying out improvements on the estate and in encouraging the use of modern methods of agriculture. The expenditure of this character incurred during the year under report consisted of three items namely (1) the journey expenses of certain cultivators sent to Indore with a view to giving them an opportunity to acquaint themselves with the modern methods of agriculture (2) the cost of construction of a store-house, and (3) the cost of the purchase of some agricultural machines. These items amounted respectively to Rs. 387/10/-, Rs. 1,472/11/8 and Rs. 400/6/6. The total amount outstanding against the Khatedars at the close of the year was Rs. 4,661/-

II. Forest under Revenue Department.

In the year under report the forest area under the control of the Revenue Department that is to say the whole of the forest area of the State except that in the Tonk Pargana amounted to 58,840 Bighas and 16 Biswas. The present produce consists of.

- (1) timber,
- (2) fule,
- (3) bamboos,
- (4) honey and wax,
- (5) grass; and
- (6) miscellaneous produce such as gum, Maluwa - flower, catechu and other tanning materials.

The chief sources of income are, however, grass and wood. Sixty four maunds of grass were in stock at the close of the preceding year and 13,965 maunds were produced in the year under report. Of the total quantity of 14,030 maunds, 10,085 were sold, 3,583 used for State purposes, and 277 given to officials free of cost and 85 remained in stock at the close of the year. The total forest income during the year was Rs. 48,961/12/7 as against Rs 50,197/15/- in the preceding year and the total expenditure Rs. 7,517/7/10 as against Rs. 8,660/4/6.

The total number of cases registered during the year was 198 as compared with 165 in the preceding year.

III. Customs.

1. Income.—In the year under report the total income from customs duties amounted to Rs 5,88,738/2/9 as against Rs. 5,34,008/1/6 in the preceding year showing an increase of Rs. 54,730/1/3. The increase was

mainly due to the export of a larger quantity of foodgrains.

2. Expenditure.—The total expenditure on this Department was Rs 56,361/9/7 as compared with Rs. 48,365/4/3 in the preceding year, showing an increase of Rs. 7,996/5/4. The increase was chiefly due to increases in the pay of the establishment and to a larger expenditure on rewards.

3. Offences.—The only case of which a special mention need be made was a case of Cocaine smuggling in which the accused was sentenced to six months rigorous imprisonment and a fine of Rs. 300/-.

IV. Mehmandari.

Forty eight guests were entertained during the year including

- (1) Hon'ble Mr. L. W. Reynolds, Agent to the Governor General, Rajputana,
- (2) Major L. E. Barton, Political Agent, Harauti and Tonk, Deoli,
- (3) Lt. Col. J. W. Watson C. I. E., L. M. S., Chief Medical Officer, Rajputana,
- (4) Maharaj Kanwar Inder Singh Ji Sahib of Patan,
- (5) Col. R. E. Benn,
- (6) J. A. Pope Esqr. Excise Officer,
- (7) Nawaba Begum Saheba of Malyar Kotla,
- (8) Doctor Röser of Ajmere,
- (9) Sahibzada Mohammad Usuf Ali Khan, brother to His Highness Bauswana.
- (10) Sahibzada Mohammad Sharif Khan Sahib Raiszada Pathari, State,
- (11) Moulvi Syed Mohammad Mansoor, Superintendent Post Offices
- (12) Doctor Duljung Singh, Jaipur.

V. Nazool.

The total income from this Department was Rs. 2,651/14/3 as against the budget estimate of Rs. 2,201/-. The income consisted partly of the sale proceeds of Nazool lands and partly the rent of Nazool property the former amounting to Rs. 1,774/- and the latter to Rs. 877/14/3. The total expenditure during the year under report was Rs. 1,652/-. Of the total number of cases for disposal 277 were disposed of during the year and 250 remained pending at the close of the year.

VI. Municipal Administration.

The chief sources of Municipal income are

- (1) the State grant from the excise revenues for Municipal expenditure, and
- (2) the import duties levied on articles brought into Municipal areas.

In the year under report there was a decrease from Rs 30,423/- to Rs. 28,592/- under (1) and a decrease from Rs. 41,202/1/6 to Rs. 40,186/13/- under (2) as compared with the preceding year - the decrease in the latter case being due to the damage done to the crops by hail storms. The total receipts amounted to Rs. 68,778/13/- and the total expenditure to Rs 63,837/11/11. In the latter were included certain extra-ordinary items namely,

- (1) Rs 697/4/3 spent partly on the purchase of a house belonging to the late Mohtamim of Committee and partly on repairs to that house,
- (2) Rs 60/- given to the local Cricket Club by way of a donation and
- (3) Rs 1,578/12/3 paid in the year under report on account of the expenditure incurred in the preceding year on Milad Sharif and the patients sent to the Kasauli institute for treatment, The expenditure also included Rs 596/8/- paid to the Rutlam Firm as interest on the loan of Rs 12,300/- obtained from that firm for the construction of the Basoda road.

In the year under report several new Jhakra roads were constructed and the old Pakka roads were repaired. A large expenditure was also incurred on the improvement of the lighting and the sanitary arrangements. All drains both Pakka and Kutchha were cleaned and repaired and all public roads were kept in good condition. Old buildings of public interest such as Chhatra of Nogar Sahab, the Martyre etc. were properly repaired. Most of the wells used for drinking purposes were cleaned and the Aliganj tank was deepened.

Cases of dog and jackal bites were carefully enquired into and any cases in which there was any reason to suspect that the injury had been caused by a rabid animal were sent to the Kasauli institute for treatment. The total expenditure on patients sent to that Institute was Rs 357/15/9. Eleven hundred and thirty dogs and ten jackals were destroyed during the year.

Contributions were made from the Municipal fund to some private oriental schools to enable them to improve the standard of their education.

No epidemic was reported and the public was generally good.
